

Laser & Anti-Aging Procedures

GENIUS® RF Microneedling

• A radiofrequency energy based volumizing treatment combined with Microneedling that stimulates collagen and elastin and eradicates wrinkles, also enhances skin texture and firmness.

PICO Genesis™

• A 2-in-1 aesthetic laser procedure that returns balance + clearance + radiance to your skin, helping you look your very best—naturally. Treats melasma. Safe for all skin types.

Pearl® Treatments

• Resurfacing (treats upper skin layers) a resurfacing laser that gently and safely treats signs of aging such as brown spots, uneven skin texture and fine wrinkles.

• **Pearl® Fractional** — A volumizing fractional laser perfected to penetrate the deeper skin layers to improve challenging conditions such as creases around the mouth, eyes and photodamage in one treatment.

• **Pearl® Fusion** — A combined treatment of Pearl® Resurfacing and Pearl® Fractional; treats both the upper and deep layers of the skin all in one treatment session.

Laser Genesis

Stimulates collagen regrowth and treats fine line wrinkles, acne, large pores, uneven skin texture, scars, and diffuses redness.

Laser Photo Facial

(Limelight, IPL, & Excel V) We are able to customize your hyperpigmentation treatment with one of these specific lasers.

Microneedling

“Collagen Induction Therapy” Tiny needles create controlled micro-injuries to treat the appearance of fine lines, acne scars and produce fresh collagen and elastin.

PRP – Platelet Rich Plasma

Uses your own growth factor cells to quickly heal and repair after Microneedling. The growth factors in PRP have been shown to help improve skin tone, reduce acne scarring and pore size.

Vein Therapy

• Laser Vein Treatment is safe for any skin tone and type. We can treat a broad range of vessels from tiny spider veins and blood blisters to port wine stains.

Venus Viva™

• Skin resurfacing treatments work via NonFractional Radio Frequency through the skin's surface. Rejuvenates aging skin and correct signs of skin damage. Safe for all skin types.

REJUVENATIONS MEDICAL SPA

Opened in 2005, Rejuvenations Medical Spa is Columbia's first Medical Spa. Our services are performed by experienced, educated and licensed clinical staff using the latest and most innovative laser procedures and advanced skin therapies. We believe in customizing treatments to fit your individual skin needs.

REJUVENATIONS MEDICAL SPA

Laser Hair Removal

(LIFETIME GUARANTEE)

- Using the latest and most advanced laser technology providing permanent hair reduction safe for ALL skin types.

Skin Tightening

- **Venus Legacy®** — This 8-10 week treatment plan will reduce cellulite, tighten skin and reduce wrinkles. All skin types!
- **Titan®** — The Titan laser procedure uses a safe infrared light to combat aging by stimulating and restoring collagen that lies below the skin's surface.

Body Contouring

- **Coolsulpt® / Coolsmooth® / Coolmini™** — Freezes stubborn fat, which is then naturally eliminated from your body. Works on abdomen, thighs, love handles, arms and "double chin" with no needles, no special diet, no supplements, no surgery — no downtime!
- **EMSCULPT** — Build abdominal or buttock muscle and sculpt your body, no sweat required! The non-invasive **HIFEM®** (High-Intensity Focused Electromagnetic) technology induces supramaximal muscle contractions not achievable through voluntary contractions.

Tattoo Removal

The **enlighten™** laser works by breaking up the tattoo ink into tiny pieces utilizing both picosecond and nanosecond technology — world's first!

Injectables

Complimentary consultation highly recommended for first time clients.

Neurotoxins — **Botox Cosmetic®** and **Dysport®** are intramuscular injectables derived from purified protein toxin. They temporarily prevent certain facial muscles from contracting, which can significantly reduce the appearance of wrinkles and fine lines.

Dermal Facial Fillers — We offer a wide variety of select dermal fillers to include the Juvederm collection of fillers: Juvederm, Vollure, Voluma, Volbella as well as the Restylane family of products that includes **Restylane-L®**, **Lyft®** with **Lidocaine**, **Kysse®**, **Silk®**, **Refyne®**, **Defyne®** and **Sculptra®**.

Kybella — A prescription medicine used in adults to improve the appearance and profile of moderate to severe fat below the chin (submental fat), also called "double chin."

Vitamin Boosts! — Enhance your metabolism and receive a healthy blast of nutrients. Choose from our Skinny Shot, Immunity, Energy and Beauty Builder.

Brighten & Polish Treatments

Only **HydraFacial®** uses patented technology to remove dead skin cells and extracts impurities while also bathing the new skin with cleansing, hydrating and moisturizing serums.

Microdermabrasion

Our crystal free **DiamondTome™** Skin Resurfacing System wands gently exfoliates the skin with natural diamond chips. Microdermabrasion also enhances our other treatments.

Chemical Peels

We offer a variety of peels including **SkinMedica®**, and **ViPeel®** to best meet your skincare concerns for face and body.

Dermaplaning

Manual exfoliation technique with custom dermaplaning blade for removing dead skin cells and facial hair ("peach fuzz"). Increases absorption of topical products and primes skin for other procedures.

Aquagold® Fine Touch

The perfect finishing touch! Solution transferred into dermis results in smaller pores, brighter tone, reduced fine lines and extra hydration.

PLUS

In addition to our own physician grade "Rejuva" private label products, we have handpicked skincare from **iS Clinical®**, **GLYSTONE®**, **Avène**, **SkinMedica®**, **Isdin®**, **Revision®**, **colorescience®**, **jane iredale THE SKIN CARE MAKEUP®**, **EltaMD®**, **Babyfoot®**, and **Oxygenetix®** to treat virtually any skin condition.
